PROFIEL

FREESMATEN

INSTALLATIE HULPTOOL

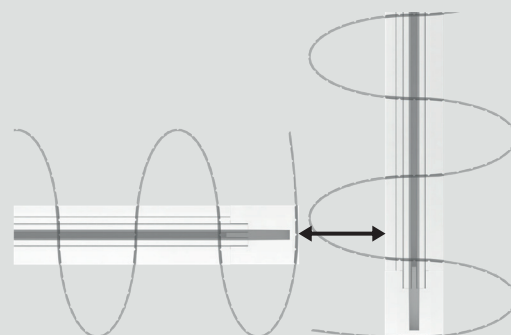

Gebruik de installatie hulptool bij het monteren van het inbouwprofiel om ervoor te zorgen dat de rail correct wordt gepositioneerd.

Scan voor meer informatie

TIP BIJ WAVE TOEPASSING

Bij gebruik van een wavegordijn: zorg ervoor dat de rail voldoende afstand heeft zodat de gordijnen mooi vallen en elkaar niet raken.

- Waarden in mm.

- Maak de sleuf in het plafond pas nadat u de rail hebt ontvangen, als de rail een bocht van 90° heeft, voor een optimale pasvorm.
