## Discover an **EXTRA LEVEL** of **COMFORT** for your home

#### HOME AUTOMATION READY

Home automation can be used to control all electronic appliances in your home. The Forest Shuttle® can be integrated into any home automation system currently available.

#### ULTRA SILENT

Forest Shuttle® systems and the Forest curtain track systems make for an unbeatable combination when it comes to noiseless operated curtains. Thanks to the smooth operation of the curtain tracks and its combination with the ultra-silent motor, the sound of moving curtains will never be annoying.

#### DECLUTCH IN CASE OF POWER FAILURE

The Forest Shuttle® has an automatic declutch feature and the possibility of manual operation. Convenient and practical in case of a power failure.

#### PLUG & PLAY

The 24 Volts Forest Shuttle® motor is supplied plug-in ready and therefore does not require a qualified electrician for the installation.

#### TOUCH IMPULSE

A gentle pull on the curtain is sufficient to activate the motor.

#### FOR CURVED AND BENDED CURTAIN TRACKS

The Forest Shuttle® curtain track can also be bended and curved.

#### 10 YEAR WARRANTY

The 10 Year warranty for the Forest Shuttle® is a unique feature.

- \* *With the Forest Shuttle® your curtains will look better and will have a longer life span, because you no longer need to touch them with your hands.*
- \* *With the Forest Shuttle® you will no longer forget to open or close any curtain. Besides the fact that this provides for increased safety by blocking the view, it also helps you save on energy. After all, curtains create a pleasant home, full of atmosphere and style.*
- \* *When you leave on holiday, you are able to preprogram the opening and closing of your curtains. This allows you to create the impression that your home is lived in, herewith decreasing the risk of a break-in.*
